WoodWisdom-Net 1&2& PLUS

FORESTERRA

SUMFOREST

JPI ...

Multi-actor networking is the key to success

- WoodWisdom-Net Community
- Project customers, research, industry, others
- National funders and project owners
- European Stakeholders, Commission, FTP
- National Stakeholders and groups
- Experts for project and programme evaluation
- Era-Net Community
- Era-Nets on stage, Era-Learn • Industrial Era-Nets, Bio-Era-Nets, PLATFORM
- Bilateral collaboration with Era-Net Bioenergy
- Sumforest, Foresterra
- Supporting Ruragri kick-off by sharing knowledge
- Sharing DoW with CoreOrganic Plus

Multi-actor networking is the key to success ..continues..

- Other ERA schemes:
- Close partenering with FTP
- Other Technology platforms
- JPI Facce workshop
- JPI Urban Europe
- Call preparation is one key process and it uses strategic network wisdom of different European and National groups
- Both the official and unofficial networks are important
- Active dissemination with Newsletters, Annual Seminars, website, Linked-in group

ERA-NET SUMFOREST

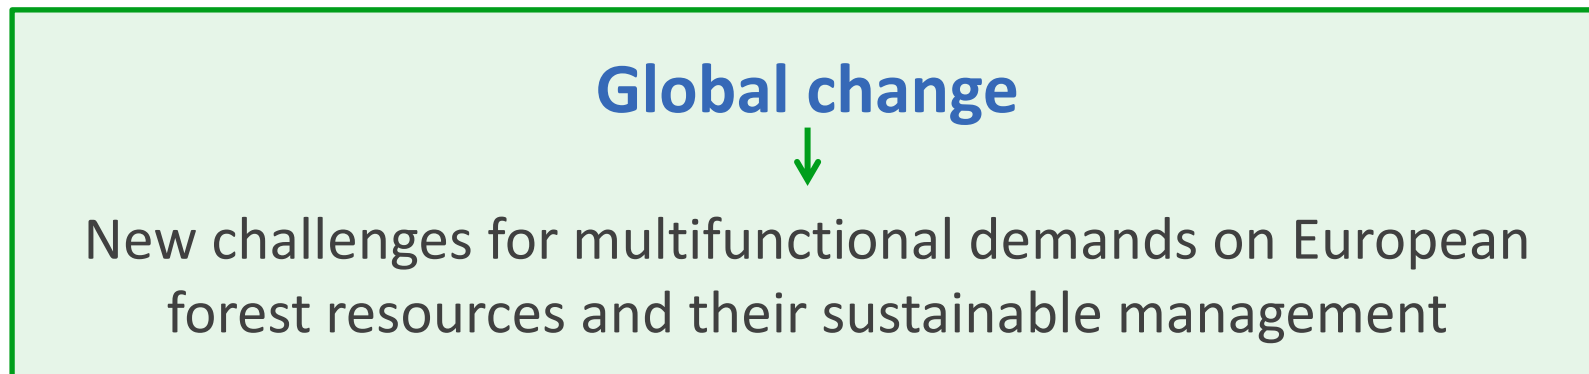

TACKLING THE CHALLENGES IN THE IMPLEMENTATION OF
SUSTAINABLE AND MULTIFUNCTIONAL FORESTRY THROUGH
ENHANCED RESEARCH COORDINATION FOR POLICY DECISIONS

SUSTAINABLE FOREST MANAGEMENT AND MULTIFUNCTIONAL FORESTRY –
ERA-NET

COORDINATOR: **MARTIN GREIMEL**, FEDERAL MINISTRY OF AGRICULTURE,
FORESTRY, ENVIRONMENT AND WATER MANAGEMENT

January 2014 – December 2017

Project funded from the European
Union's Seventh Framework Programme
under grant agreement no 606803

No common forest policy, currently it is fragmented, complex and sometimes contradictory

Wide diversity of ecosystems, tree species, different goods and services

↓

Understanding of regional differences is needed

Mutual understanding of sustainable forest management and multifunctional forestry → solid basis for policy decision

CONCEPT AND OBJECTIVES

- Sumforest takes over the objectives of the Standing Committee on Agricultural Research (SCAR) Collaborative Working Group (CWG).
- Sumforest establishes a network bringing together 23 key actors from 15 EU member states, 3 associated states and 2 international institutions → harmonizing existing and future research programs; supporting policy decisions

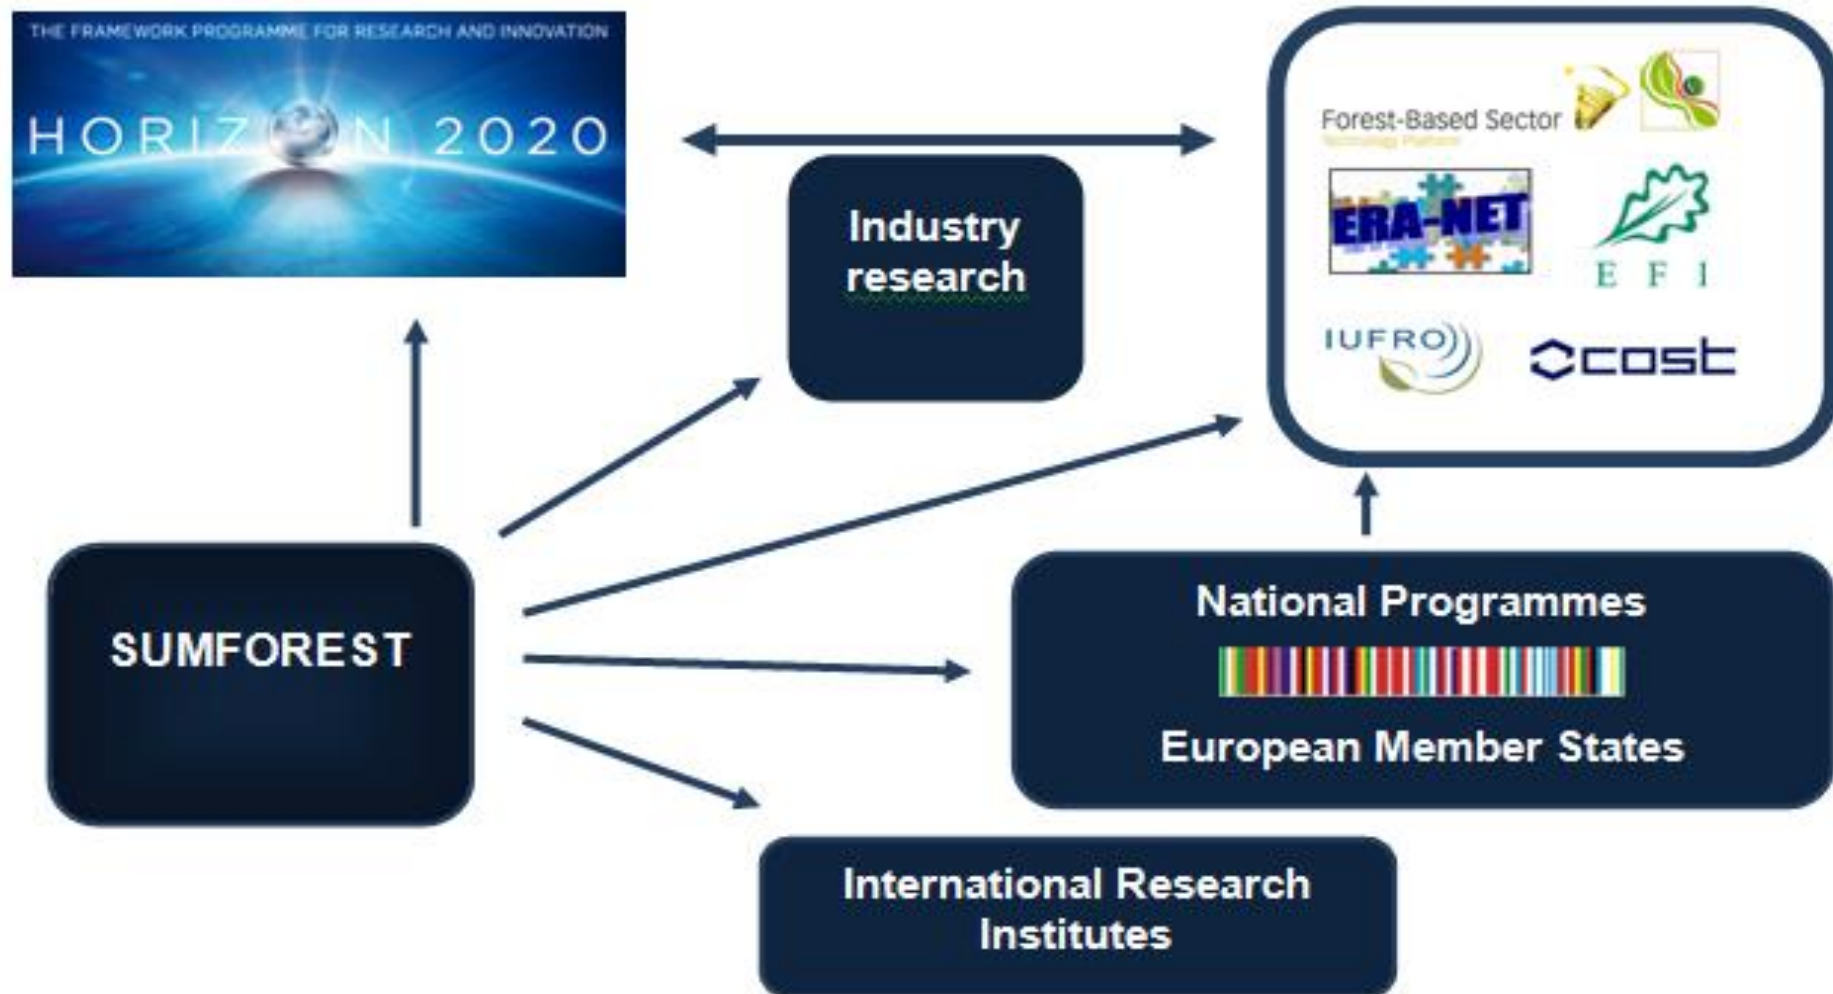

CONCEPT AND OBJECTIVES

- Sumforest: will **deepen the mutual understanding of sustainable forest management and multifunctional forestry**, providing a scientific basis for policy decisions in the framework of the **Europe 2020 Strategy**, and for the **new EU Forestry Strategy**.
 - Developing a comprehensive method for mapping forest research capacities and transnational cooperation.
- 
- Implementation of **strategic joint activities and transnational research funding** (reinforce scientific cooperation, reduce fragmentation and maximise the impact of research activities on sustainable forest management, and multifunctional forestry).

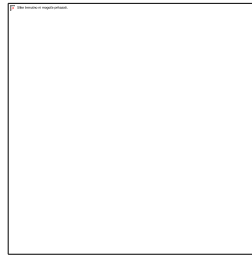

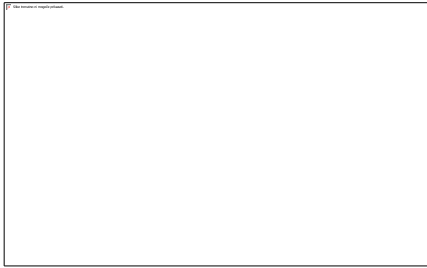

CONCEPT AND OBJECTIVES

- Creation of an European forest research area:
 - Well-coordinated European, national and regional research programmes and priorities,
 - Coordinated research institutions and centres of excellence,
 - Joint research facilities and Pan-European networks of large-scale research infrastructures with long-term funding.
 - Strengthened science-policy-practice interaction (crucial for sound policy-making and for fostering innovation).

ROLE OF SUMFOREST IN COORDINATING SUSTAINABLE FOREST MANAGEMENT AND MULTIFUNCTIONAL RESEARCH

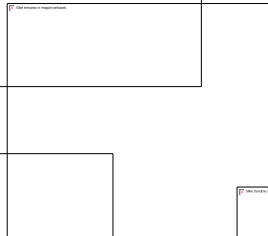

SUMFOREST'S PARTNERS

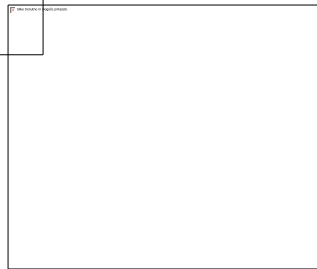

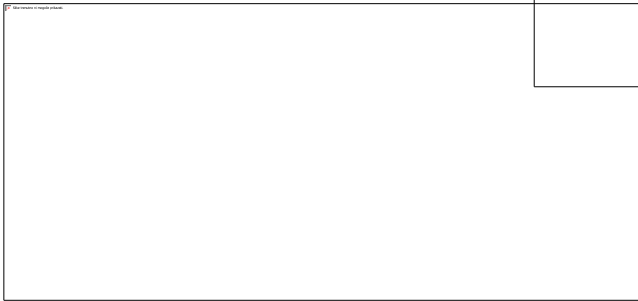

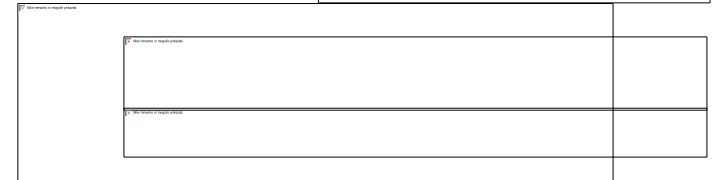

Federal Ministry
of Food
and Agriculture

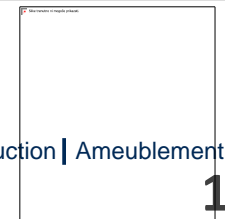

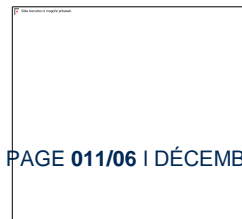

Federal Ministry
of Food, Agriculture and
Consumer Protection

PARTNERS AND OBSERVERS

FORESTERRA ("Enhancing FOrest RESearch in the MediTERRAnean through improved coordination and integration"),

It's objective is to strengthen the coordination of national and regional research programmes by developing joint activities or by Mutually supporting joint calls for trans – national proposals

FORESTERRA

reinforces the scientific cooperation on Mediterranean forests through a transnational Mediterranean ERA - Net, which also builds new transcontinental cooperation among Mediterranean Climate Areas in order to reduce fragmentation and maximise the impact of research activities and the exchange of information.

started in January 2012 and will finish in December 2015

FORESTERRA

has partners from 12 countries

: Spain, France, Italy, Turkey, Portugal, Tunisia, Morocco, Bulgaria, Slovenia, Croatia, Greece and Algeria, as well as two international institutions, the European Forest Institute (EFI) and the International and Centre for Advanced Mediterranean Agronomic Studies (CIHEAM).

Increasing the exchange of information with MCAs (Chile, South Africa, Australia and California)

60% of water-poor
countries

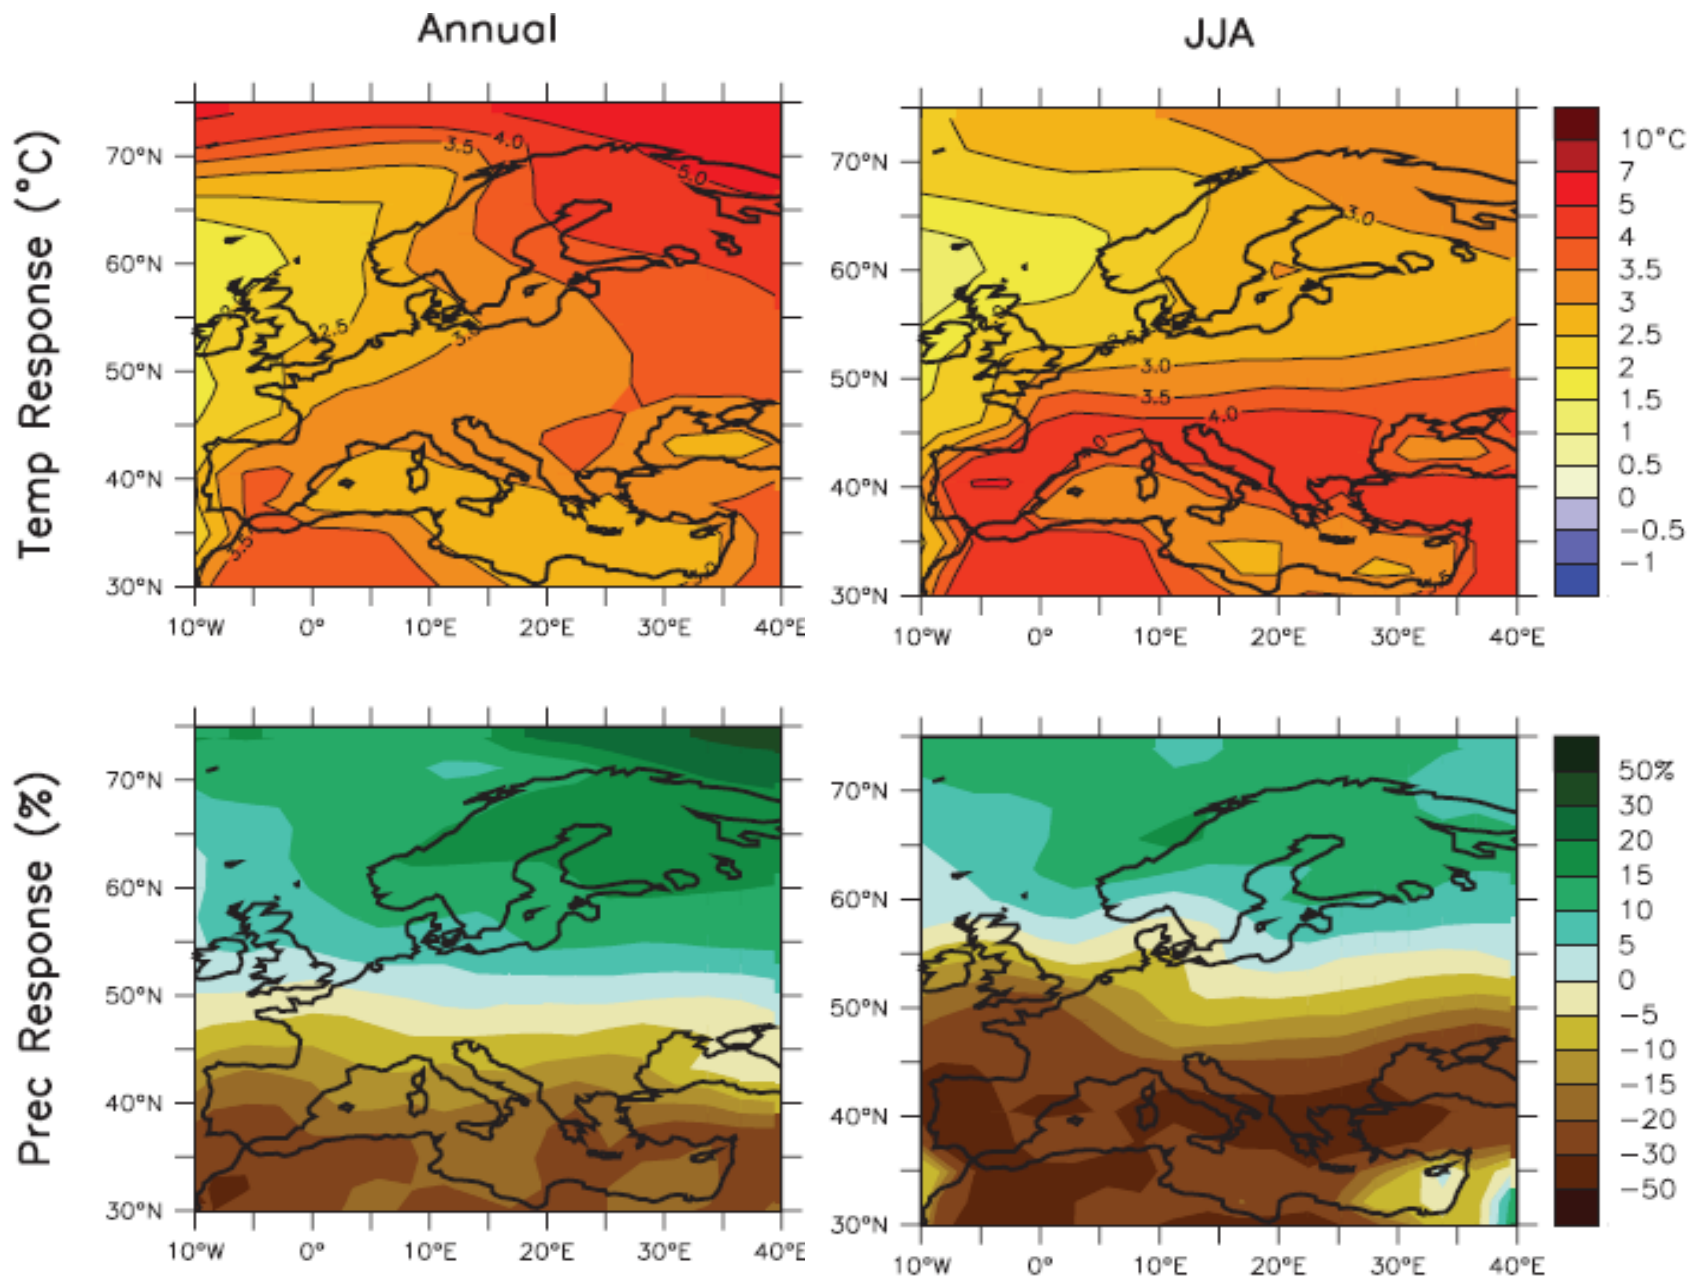

2000

SOURCE: Plan Bleu, 2003

Water exploitation index

More than half of the region affected by the desertification

Mediterranean region:
 4°C more and
 20-50 % less
 precipitation in
 summer months

Thank you for your attention !

InnovaWood

- **Overview**

- *Members network*
- *Forest, wood-based and furniture*
- *Support Innovation*

Strategy

- *People*
- *Research*
- *Partnerships*

Mission

"Towards an integrated European area for innovation, research and skills development in the forest woodworking and furniture chain"

InnovaWood Network

Strengths:

- **Geographical spread**
- **Representation in 24 countries**
- **Access to 60+ institutions**
- **Partner search**
- **Project support**
- **Knowledge & skills providers**
- **Research and learning initiatives**
- **Communication portal**

 Members countries  Non Members countries

InnovaWood actions

FTP Woodworking Task Force

- *Task Force Leader: InnovaWood*
- *Improved impact on wood related topics in Horizon 2020*
- *First focus on increasing building with wood – EeB PPP*

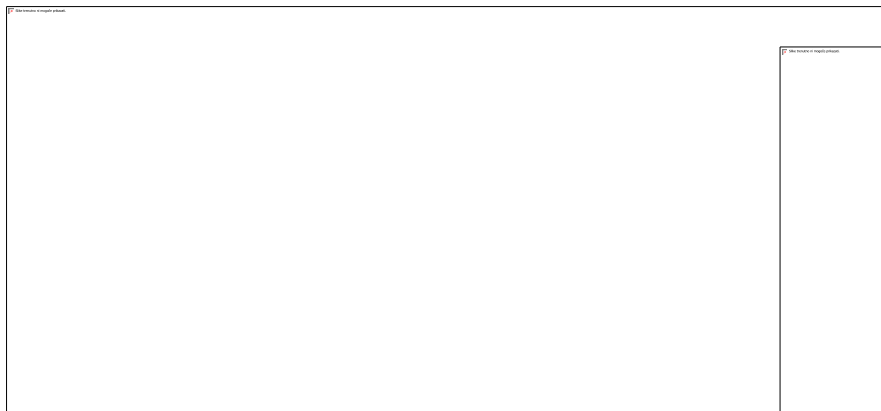

EIP Raw materials commitment ECAMOB

- *Owner: woodworking industry federations*
- *Coordinator: FCBA - InnovaWood*
- *80M € over 4 years*
- *Focus on cascade use, wood mobilisation and recycling*

General Assembly

- *24-25 April, Tulln/Vienna*
