TO THE EMBASSIES

We would like to give you some information about competitions organized by The Republic of Türkiye Ministry of Industry and Technology and The Scientific and Technological Research Council of Türkiye (TÜBİTAK) within the scope of TEKNOFEST Aerospace and Technology Festival and kindly ask you to call all primary, secondary, high school and university students and graduates to the competitions in the attached poster.

TEKNOFEST is Türkiye's first and only aerospace and technology festival organized with the partnership of many organizations that play a critical part in the development of national technology in Türkiye.

TEKNOFEST Aerospace and Technology Festival, the first of which was held in 2018; by hosting many activities such as technology competitions, air shows, concerts, interviews and events on various topics, it aims to increase the interest in technology in society and to raise awareness about Türkiye's transformation into a society that produces and develops technology. Within the scope of TEKNOFEST, technology competitions in various disciplines and categories are organized for hundreds of thousands of young people to realize their dreams.

We financially support participants from around the world. In this context, we provide financial and material support and awards to successful teams.

We offer for all the teams to have good opportunities to improve their technologies by meeting with many relevant team members and to have an exciting week in Türkiye.

Applications for the competitions will continue to be received at www.t3kys.com until February 20, 2024.

Detailed information about the competitions can be found at www.teknofest.org.

We kindly request that our competitions are announced to all interested parties and that the necessary support is provided to encourage their participation.

We look forward to see participants from your country to beat all in our competitions.

Sincerely yours,

VELEPOSLANIŠTVO REPUBLIKE SLOVENIJE
